**SPECIAL SYMBOLS**

Look carefully at the map and the symbols in the key.

1. Circle the correct answer.

   A. The grocery store is **South West** of the garage.
   B. The Fish & Chips shop is **East** of the clothes shop.
   C. The hospital is **North West** of the café.
   D. The restaurant is **North East** of the church.
   E. The public telephones are **South** of the garage.

2. If you did not know the names of the streets, how would you give directions for a person to walk from the Garage to the Public Pool?

   **Leave the garage, facing the sea in the east, turn to your right. Walk down the street in a southerly direction until you reach the T junction. The Public pool will be directly in front of you.**

3. If the GPS in the ambulance ran out of battery life, explain to the paramedic how to get from the Lighthouse to the Hospital.

   **Leave the Lighthouse, facing a westerly direction and drive towards the parking lot. Turn left out of the parking lot and continue in a southerly direction until you reach the first intersection and turn right. Travel in a westerly direction until the end of the street where it turns to the right. Continue on this street until you have passed the bank, shops and parking on the left. The hospital will be on your left hand side after the parking lot.**
